

**May 1, 2023**

## **New Supplier Size Certification**

---

Dear Valued Northrop Grumman Supplier,

Effective May 1, 2023, Northrop Grumman requires suppliers to complete the new online Supplier Size Certification (SSC) <https://oasis-ssc.myngc.com> upon onboarding.

Suppliers are required to recertify after their initial SSC submission per the frequency identified below, and any time there is a change to the business size and/or classification.

- All domestic Large and Small (except small HUBZone) - Every **three years** after initial submission
- HUBZone - **Annually** after initial submission
- Foreign, Government, Colleges, Universities, Non-Profit - **As needed** after initial submission

A valid size certification is a requirement for issuance of a Subcontract/Purchase Order by Northrop Grumman. Questions regarding SSCs should be directed to:

[SupplierSizeCerts@ngc.com](mailto:SupplierSizeCerts@ngc.com)

Our suppliers are essential to Northrop Grumman meeting our program commitments to our customers. Thank you for your continuous support and continued commitment.
