Proposal Adequacy Resource Material

Dear Valued Northrop Grumman (NG) Supplier,

Northrop Grumman is pleased to provide a proposal adequacy resource material package that provides an overview of the proposal process and applicable government requirements for submitting certified cost or pricing data, including the following:

- FAR 15.408, Table 15-2 - Instructions for Submitting Cost/Price Proposals When Certified Cost or Pricing Data Are Required
- DFARS 252.215-7009 - Proposal Adequacy Checklist

The package is available in the training section of our resources page: [Northrop Grumman Training](#)

Your compliance with the Truthful Cost or Pricing Data Act (formerly known as Truth in Negotiations Act) is an expectation of the government customer and submission of an adequate proposal is a critical component of compliance to this requirement. We thank you for your diligence and support to meet our program commitments to our customers.
